2. Place the poster between the foil
3. Close the foil
4. Attach the pocket on the front of the stand with the magnetic strips

Halogen lamp

Display stand wide

Display stand wide

These wide display stands correspond in construction to the narrow stands on the previous page and are ideal for presenting brochures and literature. The powder coated steel stand has perforated holes on the front surface for the attachment of chrome wire holders for DIN A4, DIN A5 and DL brochures/literature. Poster pockets with magnetic strips can also be easily attached.

To change posters:

1. Open the pocket
2. Place the poster between the foil
3. Close the foil
4. Attach the pocket on the front of the stand with the magnetic strips

Poster holder Look DIN A1 W 754 x D 20 x H 1000 mm # 6529	€ 69,90

Whiteboard and screening *Metropol*

Display element

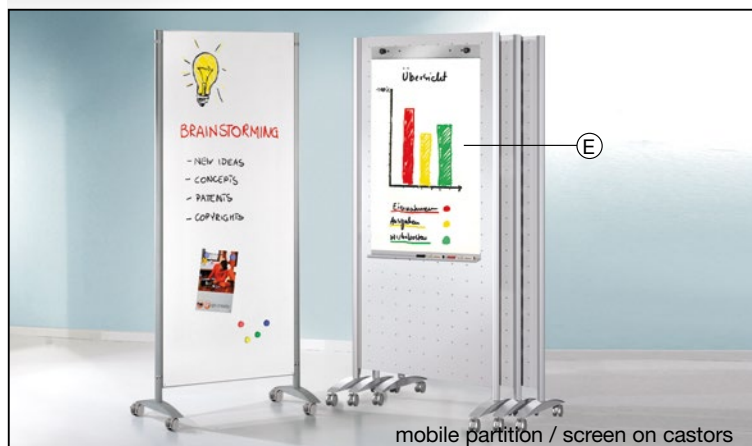

Screen system in 2 designs:

1. Perforated steel element, for magnetic use, extremely versatile for displays.
2. Whiteboard steel element, magnetic, also for use with boardmarkers.

These elements can be placed linearly or angled (45°, 90°, 135°) and extended in your desired combination. Either on a fixed base or mobile with the optional castors. At the end of the desired combination, you require a final support column.

Screen dimensions: W 800 x H 1750 mm
Width of complete screen and columns W + 55 mm.
